1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am a customer monthly discouraged by the excessive costs. of utilities.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

When is enough, enough. I am protesting the unconscionable rate hikes that carry such a financial burden in this state. Who indeed is the advocate for the consumer? Consumers cannot be your default position where you incessantly dump your revenue needs on the people of this state. This state is one where political representation does not seem to figure in the planning or policies produced. Low salaries, high demands from employers, poor working conditions characterize a disproportionate number of jobs in this state with low literacy and fewer opportunity structures for a higher life quality. Living comfortably should not require so much monetarily especially in this time whe people struggle to emerge from the ever-present shadow COVID and the compromised health that intersects with it. Be fair, be reasonable and be a champion of the people through a more conscious, intelligent representation of people's life realities and interests. Utilities are a good start!

3. Do you wish to make an appearance at a hearing in this proceeding , if scheduled, and offer sworn testimony? *

I would love to but don't trust my schedule.
